**Subject:** Agenda FWICC Infrastructure Integrity, Water Quality and KWA Subcommittees Conference Call: [Personal Phone / Ex. 6]  
[Personal Phone / Ex. 6]

Dear FWICC Subcommittee Members:

Our conference call is scheduled for tomorrow, Thursday, January 19, 2017; 9:00 a.m. to 11:00 a.m. The conference call number is: [Personal Phone / Ex. 6]

You may have noticed that I have extended the time for this conference call for an extra hour so we can have a more substantial discussion regarding the information that was presented at the January 10, 2017, "Data Summit" hosted by the U.S. Environmental Protection Agency. Some of you were present at the Data Summit or subsequent meetings where this was discussed. However, we wanted to make sure you all had a chance to comment.

In preparation for our discussion tomorrow, you may wish to review the presentations from the Data Summit (<https://www.epa.gov/flint/third-flint-data-summit-presentations>).

**We will consider the following discussion questions regarding water quality and public health protection during the conference call:**

1. What is your current position about the state of the Flint water system recovery?
2. From a technical and public health perspective, given the past exposures to lead in Flint, should a water filter be used longer term?
3. What future sampling/assessment should be done by EPA/MDEQ/3<sup>rd</sup> parties?
4. With respect to lead, chlorine distribution and water chemistry, is use of bottled water still recommended?
5. Is filtered water alone appropriate for all populations, including sensitive populations? Any exceptions?

**DEQ will share responses to the following regulatory questions:**

1. Does the water meet the standards of the Michigan and Federal SDWAs with respect to lead?

2. Does the water meet the standards of the Michigan and Federal SDWAs with respect to microbial control?
3. Does the water meet the standards of the Michigan and Federal SDWAs with respect to corrosion control?

If you have questions in the meantime, please let me know, please contact me.

Bryce Feighner, P.E, Director  
Drinking Water and Municipal Assistance  
Michigan Department of Environmental Quality  
Constitution Hall  
525 West Allegan Street  
Lansing, Michigan 48909
